# A note of thanks

Mohamed El-Fiki<sup>1\*</sup> and Abd-Elhafiz Shehab-Eldien<sup>2\*</sup>

At the end of this remarkable year, I wish to express my sincere gratitude, also on behalf of the other editors, the members of the editorial board and the publisher of the Egyptian Journal of Neurosurgery, to the referees of the articles considered for the 2021 volume of EJNS. Hundreds of busy colleagues have spent their time in assessing close to 112 manuscripts submitted to our Journal, up from around 96 in 2020, in selecting the ones that may possibly be published, and in improving the quality of the selected articles. Many of the reviewers have helped us in the past years as well, and we are tremendously appreciative and grateful to them. It is largely thanks to them that EJNS is doing well in attracting and publishing valuable contributions on spine to skull base conditions, rhinology and craniofacial conditions, as well as pediatric oncology, neuro-radiology and traumatology.
